## COMMISSIONERS' REPORT.

---

### *To the Inhabitants of Merrimack County :*

The Commissioners submit the following report of the financial standing of the county farm from January 1 to April 1, 1895, and from April 1, 1895, to January 1, 1896, as exhibited by the county treasurer and approved by the auditors; also the reports of the superintendent of the farm and house of correction; of the clerk of the Supreme Court; of the sheriff, jailor, physicians, county solicitor, and the proceedings of the county convention.

#### EXPLANATORY STATEMENT RELATIVE TO THE EXPENSES OF THE COUNTY FARM IN THE YEAR EMBRACED BY THESE REPORTS.

During the quarter from January 1 to April 1, 1895, there were paid by the county treasurer orders drawn by the last Commissioners amounting to . . . . . \$10,679.44

There fell to the present Commissioners unpaid bills, contracted and accepted during the same quarter, amounting to . . . . . 4,334.73

Making the expenses of the farm for the first three months of 1895 . . . . . \$15,014.17

The expenses of the farm for the nine months from April 1, 1895, to January 1, 1896, were covered by orders of the present Commissioners aggregating . . . . . \$14,590.99

The commissioners desire to call the attention of the selectmen and overseers of the poor in the several towns of the county to chapter 27, section 11, and to chapter 85, sections

1, 2, 4, 5, 11, and 14 of the Public Statutes, and inform you that no bills will be paid for more than thirty days' support, previous to the proper affidavits being furnished us according to the requirements of these statutes. The evidence as to the settlement *must* show the name, age, place of former and present residence of the applicant since 1880, the amount of property owned by and taxed to them since January 1, 1880; whether married or single; if married, when and to whom; and if under thirty years of age, the names and place of residence of parents, the amount of property owned and taxed to either of *them*. If *they* have received any aid, where and by whom, and where they have lived since 1880, and any other material facts bearing upon the matter. Proper blanks for all the above will be furnished you upon application to the county commissioners.

We urge upon the selectmen and overseers of the poor throughout the county, the necessity of exercising great care and economy in the management of the county poor supported in the several towns, and to carefully investigate all new applications for aid, and be sure that all such are deserving and legally entitled to such aid, and in every case when aid is furnished, to be sure that each pauper gets a dollar's worth of goods for every dollar paid. In short we desire you to do business for the county on business principles and with the same care and economy with which you do business for your several towns.

The commissioners would not deem their duty done should this report end without some mention of the superintendent of the farm and his helpmeet in the manifold duties and cares of their position.

Mr. and Mrs. Hilton, bringing to their new field a stock of good health and good sense, have pursued their business with an interest and zeal amounting almost to devotion.

Mr. Hilton has performed for the past year the double duties of superintendent and boss farmer, giving his personal oversight and direction to every part of the farm work, from seed-time to harvest, and the farm has responded with a large

increase in the yield of every crop, and in several items with double the product of preceding years.

With no less interest and fidelity has Mrs. Hilton superintended the domestic affairs of the farm, giving her personal attention to every apartment of the institution every day, visiting every room, learning the case and administering to the needs of each inmate, greeting every one with pleasantness of manner and speech, and leaving with them always parting words of cheer.

And to our faithful employés we wish to return our sincere thanks for the faithful discharge of their duties and for the manner in which they have at all times assisted the superintendent and matron in keeping the institution free from vermin and filth, which would be sure to accumulate if not for the ever-watchful eye of all concerned.

The commissioners believe they may, without arrogance, congratulate themselves on their selection of superintendents of the county farm. They hope it may not be unjust to ask the congratulations of their fellow-citizens also.

LOREN S. RICHARDSON,  
MICHAEL LORDEN,  
TRUE H. MAXFIELD,

*County Commissioners.*

In conclusion I would say that, in providing comforts for the dependent poor, and in making this place "a home," as it should be, for the unfortunate in mind and body, we have endeavored to keep the interests of the taxpayers in view, and it has been our earnest desire to do justice to both. We are confident that the many who have visited us will agree that the inmates are comfortably clothed and properly fed,

many faring better here than ever before in their lives, according to their own words. Their general health has been good, considering the age and condition of some of them.

We desire to return our thanks to those who have contributed flowers, reading matter, etc., for the use of the inmates; also, to the many people who have visited the institution, both from this county and elsewhere, for their words of approbation and encouragement, which have helped us much in our efforts to faithfully fulfill our duties in every respect.

To our faithful assistants we extend our thanks. They have at all times been ready and willing to coöperate with us in performing their arduous duties under all circumstances in a manner that meets our commendation.

To the chaplains who have held services here every Sunday, and to the physician who has visited us regularly, we extend our sincere thanks. They have each been ready at all times to respond to every call.

With thanks to you, gentlemen, for your hearty words of approval, and the kind courtesies extended to us by you, and assuring you they are thoroughly appreciated, this report is respectfully submitted.

FRANK G. EDGERLY,

*Sheriff.*

## JAILOR'S REPORT.

*To the Commissioners for the County of Merrimack:*

GENTLEMEN,—I herewith submit the report of the number of prisoners confined in Merrimack County Jail since the last report of January 1, 1895, as shown by the records of the jail:

Number in jail January 1, 1895 . . . . .	13
Number committed from January 1, 1895, to January 1, 1896 . . . . .	81
Total . . . . .	94
Number discharged . . . . .	73
Number in jail January 1, 1896 . . . . .	21

Since about the first of May, 1895, the clergymen of Concord, regardless of denomination, have, at my request, very kindly given their services each Sunday afternoon, and thus we have been enabled to give men confined in our jail the benefit of religious instruction. The result has been beneficial, giving these men new and better thoughts and aspirations, and in some instances having the effect of causing "hard cases" to become tractable and submit with a kindly good will to the necessary discipline of the institution. I desire in this report to extend my cordial thanks to those clerical gentlemen who have so kindly given their services.

Recognizing, as every good citizen must, the benefit of proper religious instruction in county jails, as well as other public institutions, and realizing that continued gratuitous services on the part of the clergy may become burdensome to those gentlemen, I respectfully recommend that a chaplain be appointed at the jail, and that a sum of money be appropriated from the county treasury sufficient to pay him such moderate salary as may be just.

FRANK G. EDGERLY,  
*Jailor.*

## REPORT OF JAIL PHYSICIAN.

---

*To the Commissioners of Merrimack County:*

During the past year the institution has been free from serious illness and fatal accident. The humane system of discipline of the jailor and a proper regard for hygienic conditions has been such as to enforce strict personal cleanliness upon the prisoners. Their living apartments have received the necessary sanitary attention with most gratifying results, inasmuch as the institution has been free from the contagious and parasitic disorders so frequently found in such places.

The prisoners are well fed and the cells well heated in winter. There is no doubt but what more of a reformatory influence would follow incarceration if there were in operation a system of manual work to occupy the mind and train the hand for employment.

The physician is under obligation to the jailor and his family for the support freely given in his care for the sick. At the present date the institution is comparatively free from sickness.

Respectfully submitted,

ARTHUR F. SUMNER, M. D.

CONCORD, January 1, 1896.

## SOLICITOR'S REPORT.

---

*To the County Commissioners for the County of Merri-*  
*mack:*

GENTLEMEN,—In compliance with the statutes of the State, I herewith submit as my report a summarized account of all my transactions which concern the county during the time I have held the office of solicitor, together with such recommendations as, in my judgment, the public good requires.

The grand jury has returned one hundred and eleven (111) indictments, enumerated as follows:

Abuse of female child . . . . .	1
Adultery . . . . .	7
Arson . . . . .	1
Assault . . . . .	1
Attempt at rape . . . . .	1
Breaking and entering in day-time . . . . .	11
“ “ “ night-time . . . . .	7
Burglary . . . . .	10
Disorderly house . . . . .	3
False pretenses . . . . .	4
Incest . . . . .	1
Keeping gambling-house . . . . .	2
Larceny . . . . .	11
Larceny from person . . . . .	1
Murder . . . . .	1
Perjury . . . . .	1
Placing obstruction on railroad track . . . . .	1
Rape . . . . .	1
Sale of mortgaged property . . . . .	1
Receiving stolen goods . . . . .	1
Violation of the liquor law . . . . .	51

Sixteen of the respondents have been sentenced to state prison for terms ranging from one year and a day to ten years; seven have been committed to jail for various terms; sixteen of the indictments still remain undisposed of, the other indictments have been satisfactorily arranged. Two respondents are now in jail for violating the prohibitory law.

The county has not, to my knowledge, been interested in any civil action during my term of office.

“The tramp question” has become a serious one. Of the indictments for serious offenses returned by the grand jury at the October, 1895, term of the Supreme Court, fifty per cent were committed by tramps, and the county was forced to bear the expense of their prosecution and conviction.

At the close of the October term of court, at the suggestion of Frank G. Edgerly, sheriff and jailor, I joined with him in issuing a circular directed to the deputy sheriffs of this county calling their attention to the “Marston tramp law” and requesting them to enforce its provisions.

This circular was thoroughly distributed in every town in this county, as well as generally throughout the state, and, according to reports, the act has resulted in marked benefit to the community, and if the county officials could receive the hearty coöperation of the town and city officials, I believe this county and the state could become practically rid of this class of criminals, and that there would be a corresponding decrease of crime. I am heartily in favor of the rigid enforcement of the tramp law.

Respectfully submitted,

WALTER D. HARDY,

*Solicitor.*

There were five births between the above dates—males 1, females 4.

The unusually small amount of serious sickness and death speaks well for the sanitary condition of the institution, and is abundant proof of the good judgment and ability of the superintendent and his wife and the nurse. Very much has been done by them, not only in the alleviation, but also in the prevention, of disease, and every possible attention and kindness have been rendered to those under their care. The active coöperation of the superintendent's wife and her constant presence among the sick and unfortunate people under their charge is a most noticeable improvement, which is thoroughly appreciated both by the officers and inmates. I would respectfully urge the commissioners to consider the advisability of purchasing the Symonds place, situated just south of the county farm, that the house might be used for contagious diseases. At present there is no possibility of effectually isolating such cases, and, while we have had no epidemic of any contagious disease during the past nine months, such a place, where complete isolation is practicable, is sure to be needed in the future.

Respectfully submitted,

H. C. HOLBROOK,

*Physician.*

BOSCAWEN, N. H., January 1, 1896.

## CHAPLAIN'S REPORT.

---

*To the Commissioners of Merrimack County:*

SIRS, — I have conducted (or caused to be conducted) religious services at the county farm every Sunday afternoon but one between the first day of April and the last day of December, 1895. I have attended one funeral during the same time. Several others have died at the county house, but in most instances their friends have taken their bodies away for burial.

There has been uniform good behavior on the part of the inmates of the institution, and good attention given to the exercises. I have reason to believe that scriptural truth as it has been presented has left an impression for good upon the minds and hearts of some of the people. Indeed, I know that in some instances, resolutions for good have been made which I trust will be carried out in their future lives. I am of the opinion that Superintendent Hilton, his wife, and their assistants, are doing all that can be reasonably required for the welfare of those under their care, and their aid to me has been in every way helpful.

Respectfully yours,

A. C. HURD,  
*Chaplain.*
